EDUCATION

FEDERAL UNIVERSITY OF TECHNOLOGY AKURE

Programme: Bachelor of Engineering, Electrical and Electronics Engineering.

Dec 2019-Sept 2025

CGPA: 4.46/5.00

WORK EXPERIENCE

TranxCarbon

Lagos, NG

FullStack Software Engineer

Jan 2025 - present

- Built and scaled Tranxcarbon's digital carbon credit marketplace (Tranxcarbon 1.0), ensuring reliability, performance, and user-centric design.
- Developed core features such as carbon credit trading, ESG dashboards, emissions tracking, and sustainability reporting tools.
- Contributed to R&D for Tranxcarbon 2.0, including AI-driven verification, automated emission tracking, and blockchain-enabled transparency.

Rising Generation Organization for Youth Empowerment.

Lagos, NG

Program Associate (Opportunities Management)

Jun 2023 - Dec 2024

- Designed and launched 3 digital platforms that connected youth with career development and professional growth opportunities, expanding access to training, jobs, and mentorship.
- Spearheaded 2 technology-driven initiatives that improved organizational efficiency and streamlined program delivery.
- Coordinated and guided 4 cross-functional teams in delivering data-driven, impact-oriented solutions aligned with RIGO's empowerment objectives.

Upkey

Remote

FullStack Software Intern

May 2022 – June 2023

- Developed and maintained frontend features using JavaScript and React, contributing to user-facing components and platform functionality.
- Built and integrated backend endpoints using Express.js, supporting core application logic and API

communication.

- Collaborated with cross-functional teams in an agile remote environment to implement new features and fix bugs.
- Used Git and GitHub for version control, including branch management, pull requests, and code reviews.

SkillUp Nigeria

Lagos, NG

FrontEnd Software Engineer

Jan 2021 – Jan 2022

- Built and maintained scalable web and mobile applications for education using JavaScript, React, and React Native, improving accessibility for students across multiple campuses.
- Oversaw code reviews, version control (Git/GitHub), and testing to ensure the quality and reliability of deployed applications.
- Led a team of developers in monthly inter-campus competitions, achieving consistent wins across 10+ universities by delivering innovative software solutions.

LEADERSHIP/VOLUNTEERING EXPERIENCE

Millennium Campus Network / UNAI

Akure, NG

Millennium Fellow

Aug 2021 – Dec 2021

- Designed and implemented a social impact project with a team of 3 fellows, advancing SDG 4 (Quality Education) and SDG 8 (Decent Work & Economic Growth) on campus.
- Expanded equitable access to learning by providing academic resources and mentorship to 500+ students through the Distinction at a Go! project.

Founder

Lagos, NG

Distinction at a Go Initiative

Jun 2020 – Present

- Founded and scaled an education-focused initiative promoting academic excellence and workplace readiness among university students.
- Recruited and supervised a 20-member volunteer team, defining vision, goals, and impact strategy.
- Designed and executed 4 campus-wide outreach programs that empowered students with core educational values, professional skills, and essential workplace tools.

Global Changemakers

Lagos, NG

Outreach Volunteer

Jul 2020 – Nov 2020

- Expanded organizational outreach by 5% into underserved communities worldwide through targeted social media management and digital campaigns.
- Recognized among the Top 5 Outreach Volunteers (2020) for outstanding contribution to community engagement and impact delivery.
